

Press Release  
Kemtah Awarded Sandia/Livermore CSU Contract  
Albuquerque, NM  
July 15, 2007

The Kentah Group, a leading provider of IT Transformation services, today announced that it has been awarded a contract by Sandia National Laboratories that expands its services to the Sandia/Livermore location. Kentah has been providing IT infrastructure support including help desk, deskside and server support services to Sandia/Albuquerque for the past 10 years with an excellent track record of performance, and supports Sandia's remote locations at the Yucca Mountain Project, Nevada Test Site, Tonopah Test Range and Pantex. Kentah will provide help desk and deskside services to Livermore as an add-on to the current Sandia Computer Support Units (CSU) contract along with network support, server administration, and management oversight of the IT support staff. The Kentah staff will be improving performance metrics and reporting to provide high-quality support to the end users as well as improving efficiency by implementing ITIL based procedures.

"We are very pleased to have been awarded this contract. We look forward to working closely with Sandia/Livermore to utilize IT services best practices in improving processes and increasing efficiencies while still maintaining a high level of end-user satisfaction," said Stephen V. Wade, Kentah's President.

#### **About Sandia National Laboratories**
